Dear Chairman Cole and Ranking Member DeLauro:

Thank you for your work on the fiscal year 2025 appropriations legislation. I respectfully request funding for the following project in Tennessee's second congressional district:

Project Name: Safety City Improvements

Entity: City of Knoxville

Address: 22 Safety City Way, Knoxville, TN 37919

Project Description: The City of Knoxville seeks funding for Safety City improvements to provide repairs and upgrades to an aging facility that provides a valuable teaching tool for East Tennessee youth. Funds will support repair and painting all of the building facades and various lighting upgrades.

Project Justification: Safety City provides a creative and safe environment where elementary students can increase their knowledge and skills in pedestrian, vehicular, and bicycle safety, reduce injuries and deaths resulting from motor vehicular-related crashes and fires, and provide other personal safety education programs.

Federal Nexus: 5305(a)(2) – the acquisition, construction, reconstruction, or installation (including design features and improvements with respect to such construction, reconstruction, or installation that promote energy efficiency) of public works, facilities (except for buildings for the general conduct of government), and site or other improvements.

I certify that neither I nor my immediate family has any financial interest in the above project. Thank you again for your consideration of this request.

Sincerely,

Tim Burchett,
Member of Congress
